Freelancer Synthetic Flight Instructor (m/f/d)

 Freelancer contract Oberpfaffenhofen

Are you looking for exciting projects in a dynamic environment that combines the agility of a start-up with the experience of a corporate group? Do you want to contribute your expertise as a Synthetic Flight Instructor (SFI) and play an active role in shaping the future of pilot training? Then HMotion is the right place for you to join our team as a freelancer!

Your role at HMotion

- You will be responsible for creating, delivering, and following up on theoretical training courses in the EC135/H135 and EC145/H145 areas, as well as conducting briefings and debriefings.
- You will conduct refresher training courses using the EC135/H135 and EC145/H145 simulators.

What you bring with you

- You hold an ATPL (H) or CPL (H) license.
- You possess a TRI, SFI, or FI rating.
- You have an IFR qualification.
- You are type-rated on the H145, EC145, H135, or EC135.
- You bring experience as a trainer, ideally with professional expertise as a Type Rating Instructor or Synthetic Flight Instructor (SFI).
- You are fluent in written and spoken English, with additional languages being an advantage.

What HMotion can offer you

- We provide a modern training environment with state-of-the-art simulators at our location in Oberpfaffenhofen – ensuring optimal conditions for high-quality instruction.
- Your availability matters: our flexible scheduling is coordinated together with a dedicated and supportive planning team that values clear communication and reliability.
- You'll experience a company culture built on openness, a first-name basis, and a collaborative atmosphere where people come first.

Sounds like your next project? Then send us your freelancer profile including availability and your qualifications/licenses by e-mail.
